Hmm. SDNY. Now that's interesting.
Is Maureen Comey still there? That outfit has been rife with questionables forever. Bahara turned out to be a POS, though heralded as a wonder-boy prosecutor...even better than Guiliani.
Is Berman still in charge there? Has does that work with Comey's daughter on board?
Just some thoughts that continue to irk me.

Oh, dear Lord...the symbolism is disturbing, but masterful in delivery.
>A forbidden fruit falls from the hands of an innocent
Sliced apart, it grows into a Lotus Flower.
As the Towers fall to dust
Blood begins to drip
And children fall prey to all manner
Of wizardry, hidden inside Tenet Walls.
...Until the Savior, finally reawakened from his long absence, with Fires burning,
Slowly returns.
The Symbols of Hidden Discordance turn to dust,
As The Light begins to dawn again full measure.
....the video is disturbing, but, brings hope.

It's getting to the point that all I see are CONNECTIONS.
That Observatory is the one Owned by the Vatican?
Remember when all of them were shut down?
Planes out of Area 51...or, was if 54?
The Entire World is on fire, while every theme hidden from us through time are ready to take Center Stage.
Connections.
Are these also among the cells within cells we've been coaxed to discover?
So, yes, I believe the FRBs are part of the script, although they are not exactly what they were before falling to the FED.
I suspect our recent 'seizure' of The FED has a good deal to do with figuring out how to finally put Hilton-Green into action.
So much has been lost, changed, over the past 60 years, how that eventually unfolds is something to keep clear eyes on.
Symbols will have to be reconfigured before we get to full promise.

What the fuck did you just fucking say about me, you little bitch? I'll have you know I graduated top of my class in the Navy Seals, and I've been involved in numerous secret raids on Al-Quaeda, and I have over 300 confirmed kills. I am trained in gorilla warfare and I'm the top sniper in the entire US armed forces. You are nothing to me but just another target. I will wipe you the fuck out with precision the likes of which has never been seen before on this Earth, mark my fucking words. You think you can get away with saying that shit to me over the Internet? Think again, fucker. As we speak I am contacting my secret network of spies across the USA and your IP is being traced right now so you better prepare for the storm, maggot. The storm that wipes out the pathetic little thing you call your life. You're fucking dead, kid. I can be anywhere, anytime, and I can kill you in over seven hundred ways, and that's just with my bare hands. Not only am I extensively trained in unarmed combat, but I have access to the entire arsenal of the United States Marine Corps and I will use it to its full extent to wipe your miserable ass off the face of the continent, you little shit. If only you could have known what unholy retribution your little "clever" comment was about to bring down upon you, maybe you would have held your fucking tongue. But you couldn't, you didn't, and now you're paying the price, you goddamn idiot. I will shit fury all over you and you will drown in it. You're fucking dead, kiddo.

The video shows a boy. We all know the royals are a bunch of inbred, Muloch worshiping, pedo fuckers. There are no stories that substantiate your claims that the naked boy falling to his death was a publicity stunt. Lmao publicity stunt for what exactly? However, there have been several (((news))) orgs who wrote reactionary stories to discredit the obvious.

They are under house arrest. They are not allowed anywhere near their coat of arms or crown jewels in the mean time. The shill media was out to explain that away as well. Oh a Lori or however the fuck you guys spell ‘delivery truck’ backed into the coat of arms and damaged. Utter nonsense. Let’s see the cctv video of that happening. Why is a delivery truck allegedly coming in the main gate to the palace? Never happens. The queen made up the excuse that the crown doesn’t allow her to look down. Kek. No, they are under investigation for fucking and eating children.

If this prince faggot was so eager to talk to the DOJ, he would be on a plane yesterday, but his mama is running defense for him because she knows.

Spirit Cooking digs dug up so many visuals of..., well, I won't reveal those things either.
It's up to those who dare to find out to do it on their own, on their own time, fully shielded with an Armor of God sensibility to see, yet still function wholely despite gaining such knowledge.
That's what I was alluding to when I previously posted that thing about 'running for your life into a fantasy world'.
Without balance, we could very well become empty shells for it all.

The puppet. That part of the story should be spread far and wide.
My spidey senses tells me that Andy used that as an opening to coyly toy with those he stooped to conquer.
I'm still of the opinion that talking about itm would wake up lots of people.

My own dad was such a man, always keen to show us love and devotion, being proud of the children he had been divinely blessed to nuture.

In a world where family values have been purposely chipped away at, only dirty twisted minds see something other.
This world needs to return to loving family values.
Parents need to learn how to parent again.
It will be a long road, for many people don't even know how to be human.

Yes He did.
Now...my mom was an entirely different story,
With her being NYPD, when we were called to order, early on I learned her body language at first glance:
If she was standing At Attention, I knew I was in for it. If she was Standing At Ease...well, maybe not so badly.
Luckily I was able to pick up such signals at an early age. She is still a force to be reckoned with.

I've watched the video quite a few times through the years. It's better than anything on tv these past years.
Here's a 4 minute treasure of 34 year-old Donald in 1980, talking about how to turn this country around:
https://youtu.be/nAgJAxkALyc
he said he firmly believes that one man, the perfect man for the job, could turn our country around. he'd like to help find such a man.
>I guess he wound up ON a team that was looking to find the perfect candidate.
what he says about Lincoln and television was brilliant!

Trump or any of you faggots wont ever smash the deep statr, atleast i have lost faith. The entire internet has hours of evidence proving this was an insurrection, the media and politicans lied, and absolutely nothing will be done about it.

The snake left its hole, bit everyone, poisoned the well, and went back to its lair to hatch more eggs. You guys judt allow it, lead us on with fake info that your doing something, but you arent. They will all walk, just like the protestors that got to rob and steal and murder and get bailed out the next night. Nothing will happen, and todays nothing and inaction by the government proves that. We did truly lose our country, and its just being dismantled behind the scenes now until the next administration. Thanks for nothing and its time to suicide or leave the country.

"Grave moderns told us that we must not even say “poor fellow,” of a man who had blown his brains out, since he was an enviable person, and had only blown them out because of their exceptional excellence. Mr. William Archer even suggested that in the golden age there would be penny-in-the-slot machines, by which a man could kill himself for a penny. In all this I found myself utterly hostile to many who called themselves liberal and humane. Not only is suicide a sin, it is the sin. It is the ultimate and absolute evil, the refusal to take an interest in existence; the refusal to take the oath of loyalty to life. The man who kills a man, kills a man. The man who kills himself, kills all men; as far as he is concerned he wipes out the world. His act is worse (symbolically considered) than any rape or dynamite outrage. For it destroys all buildings: it insults all women. The thief is satisfied with diamonds; but the suicide is not: that is his crime. He cannot be bribed, even by the blazing stones of the Celestial City. The thief compliments the things he steals, if not the owner of them. But the suicide insults everything on earth by not stealing it. He defiles every flower by refusing to live for its sake. There is not a tiny creature in the cosmos at whom his death is not a sneer. When a man hangs himself on a tree, the leaves might fall off in anger and the birds fly away in fury: for each has received a personal affront. Of course there may be pathetic emotional excuses for the act. There often are for rape, and there almost always are for dynamite. But if it comes to clear ideas and the intelligent meaning of things, then there is much more rational and philosophic truth in the burial at the cross-roads and the stake driven through the body, than in Mr. Archer’s suicidal automatic machines. There is a meaning in burying the suicide apart. The man’s crime is different from other crimes—for it makes even crimes impossible."

Just be ready to sell your property and buy residence in US, cash.
If your credit is good enough there are some more options.
A transportation (good used vehicle with low mileage), basic supplies and needs. 10-20 grand should do the job if you can set it up.
Most of the disturbances you see in US is manufactured and there is a reason why some violent riots died down - because some of the higher echelon atinfa types are getting 'interviewed'.
So prepare, and be sure to have things set up beforehand when you can leave at a moment's notice. About 6 month's rent for a place while your real estate situation clears up should be good also.
Good luck.
